## HANOVER DRIVER IS ARRESTED FOR MANSLAUGHTER AFTER INQUEST

Robert A. Stevens, 21-year-old Hanover furniture factory worker, was arrested on a charge of involuntary manslaughter here Monday afternoon as the driver of the car in which Eugene Klinedinst, 20, Hanover, was fatally injured early on August 24 in a crash between Cross Keys and Hanover.

Stevens' arrest followed an inquest at the court house here into the fatality by Dr. C. G. Crist, Adams County coroner. The jury's verdict was that Stevens lost control of his car while traveling at an "excessive speed" and that his drinking before the accident "contributed as a cause of the accident."

Stevens was taken before Justice of the Peace Robert P. Snyder by Trooper Charles Stanski, who investigated the fatal crash and filed the charge against Stevens. An immediate preliminary hearing was held and Stevens was committed to the Adams County Jail in default of \$1,000 bail. He was released this morning when a bail bond for court was posted.

**Youths Served Drinks**  
Testimony at the one-hour inquest held in the court room told of beer drinking by Stevens and three companions at a truck stop near Hanover and then of being served mixed drinks and beer at the "Bar 30 Ranch" between Cross Keys and New Oxford on the Lincoln Highway. Stevens was the only one of the quartet that included Klinedinst that was of age. The others were 18, 19 and 20.

While a representative of the State Liquor Control Board sat in the court room and took notes on the testimony, two of Klinedinst's companions told of being served drinks at the "Bar 30" without having their age questioned.

Stevens stood on his constitutional rights and refused to take the witness stand.

## AUTHOR SAYS GETTYSBURG IS "NEXT PAGEANT"

Paul Green, author, director and producer of such historical dramas as "The Common Glory" and "The Founders" and "The Lost Colony," outlined to 55 Gettysburgians Monday evening the methods and costs of producing outdoor pageants for summer presentation.

Burgess William G. Weaver, who called the public meeting told the group, "I saw 'The Common Glory' at Williamsburg, and when I read in the program that Mr. Green termed Plymouth, Valley Forge and Gettysburg as other places where the story of the nation might be told I had the temerity to ask him to address us here tonight."

Green said that Gettysburg "is the next step in the story of America. In 'The Founders' and 'The Common Glory' we tell of the establishment of our nation. Gettysburg should tell of the testing of our beliefs here in the woods and fields of this community. Here was the great crisis of American development. Here you have an opportunity to tell the story to our people, especially our young people, of what our nation is about."

"Here we have the worst of evils—brother fighting against brother—and from that evil came the great good, a nation united and strong and moving into modern times, spreading from coast to coast, becoming the greatest nation on earth."

Green said an outdoor pageant (Continued On Page 4)

## Figures Show GOP Has 1,544 Margin

Adams County apparently will have 11,402 Republicans and 9,858 Democrats eligible to vote at the November primary.

A total of 151 Republicans and 189 Democrats signed to vote at the courthouse from May 27 through Monday, the last day on which registrations could be received prior to the general election. On Monday 22 Republicans and 49 Democrats crowded the office to sign up for voting rights.

The total figures are still provisional, pending the usual check to determine duplications—persons already registered who had forgotten and registered again. The figures indicate that 335 Republicans and 379 Democrats registered since the primary election, either at the courthouse or at the special traveling registrations during the summer.

## Car, Tractor-Trailer Collide Early Today

Damage totaled \$825 but no one was injured when a car and a tractor-trailer collided 1½ miles west of Biglerville on the Arendtsville Rd. at 3:05 o'clock this morning.

State police said Bernhard Topper, 26, Orrtanna R. 2, was driving his car west when a tractor-trailer, headed east, crossed the center lane of the highway at a curve and struck Topper's car, causing \$800 damage to it.

The tractor-trailer failed to stop after the accident, the officer said. Police alleged after an investigation that John A. Nimmon, 27, Gardners, was the driver of the tractor-trailer, and listed \$25 damage to that vehicle, but added they are continuing their probe.

## MAJOR HELSEL, AT ABERDEEN, SEMINARY GRAD

Chaplain (Major) Frank E. Helsel, Lutheran minister from Hollidaysburg who is a graduate of Gettysburg College and Seminary, was recently assigned to Aberdeen Proving Grounds, Md., from duty in Germany.

Now assigned to the Proving Ground as assistant post chaplain, Helsel had been school chaplain in the Seventh U. S. Army Non-Munich, Germany.

Chaplain Helsel graduated from Gettysburg College in 1935 with an A.B. degree and then entered the theological seminary here where he received the degree of Bachelor of Divinity. In July, 1942, he received a commission in the U. S. army Chaplains' Corps as a first lieutenant and was called to active duty two weeks later.

After Chaplain School at Harvard University, he served as regimental chaplain with an engineer unit in the Asiatic-Pacific theater until August, 1944, when he was transferred to an infantry regiment (the 172nd of the 43rd Infantry Division) and took part in the invasion of Luzon. He was wounded and received the Silver Star medal for heroic action against the enemy. Returning to the U. S. early in 1946, he was separated from the service and served as pastor of Grace Evangelical Lutheran Church in Youngstown, O., before being called back to active duty in July, 1947.

He took over as post chaplain at Fort Holabird, Md., and then was assigned to the Far East where he served with units during the Korean conflict and received the Oak Leaf cluster for his Silver Medal. After coming back to the States again in 1952, he was assigned to the 101st Airborne Division at Camp Breckinridge, Ky., as assistant division chaplain. He went to Germany in June, 1953, and served several assignments in the last four years there.

Chaplain Helsel is married to the former Nancy Louise Lawther, of Boswell, Pa., a sister of Wendell Lawther, graduate of Gettysburg College in the class of 1934. The Helsels have two daughters, Nancy, 14, and Carol, 10. They will reside at Aberdeen.

## 40 EDUCATORS PONDER SCHOOL PROBLEMS HERE

Forty staff members of the state Department of Public Instruction will be "hidden away" Thursday at Gettysburg College in order to work undisturbed on various problems pertaining to education.

Headed by Dr. Charles H. Boehm, state superintendent of schools, the group will start its work at 10 a.m. and will continue throughout the day.

They will divide into six units to consider various phases of education including a new junior high school bulletin on curriculum being prepared by the state department, supplemental appropriations for reorganized school districts, teacher certification, transportation and various curriculum changes.

The sessions will be held in Brua Hall. Lunch will be served at the college and in the afternoon the visitors will tour the battlefield. A dinner in the social rooms of the Arendtsville National Bank Thursday evening will conclude the session. The dinner will be served by the Sunday School class headed by Mrs. Martin Walter.

Arranged by Dr. Herbert Bryan, New Oxford, director of leadership for education planning for the state department, the meeting is one of a series held to permit the educational specialists to "coifer, review and criticize" in the development of programs for education.

The sessions are held outside Harrisburg. Dr. Bryan said, because "there the normal routine of business prevents concentration on the problems at hand and as a result the state superintendent decided more could be accomplished more quickly by holding the conferences away from the office in order to avoid interruptions."

## OFFICIALS TO TALK

The speakers will include Sheriff Dorsey J. Schultz, Treasurer Jacob G. Appier, Associate Judge Dale Knouse, Clerk of Courts Kenneth W. Johns and Jury Commissioner Mervin I. Rice.

## Army's Strong Man Seizes Control Of Thailand Today

By MURRAY FROMSON  
BANGKOK, Thailand (AP)—The army's strong man, Sarit Thanarat, surrounded Bangkok with tanks and seized control of the government today "in the name of the people." The ousted pro-Western Premier P. Pibulsonggram, who has led the government since 1947, was reported fleeing to Malaya.

Not a shot was fired as the army commander in chief took power, with the reported consent of young King Phumiphon Aduldet, two days before a scheduled meeting in Bangkok of the military advisers of the anti-Communist Southeast Asia Treaty Organization.

## "Acted For People"

Sarit said he acted in the interest of the people who, he claimed, were dissatisfied with the government's handling of last February's elections in which Pibulsonggram retained his premiership by a slim majority.

The committee of service club members and representatives of the Chamber of Commerce, the Travel Council "and other groups should be included so that I might have the benefit of your thinking about what Gettysburg College can do for the community and what Gettysburg can do for the college."

After the seizure, Sarit modestly proclaimed himself as governor of Bangkok, rather than premier. In that capacity he cabled Prince Wan Waitayakon, Thailand's foreign minister and retiring president of the U. N. General Assembly, that he is still the Thai representative at the U. N.

## Recalls Early Help

Among the guests introduced was Dr. Clarence L. S. Raby, chairman of the college's 125th anniversary committee. In brief remarks he recalled the help given Gettysburg College at its founding in 1832 by "the forthright citizens of the town of Gettysburg."

"So it is fitting that you citizens of the community join with us this evening," Dr. Raby said, "to rejoice in the past successes of Gettysburg and to listen to our dreams for the years ahead."

Introduced as "a sophomore on the Gettysburg College campus," General Paul, who is in his second year as college president, welcomed the service club members "to this meeting that has been long overdue."

"It is time we get together to talk over the college and the community. We want you to know what we're doing here at the college and why," he said.

## 1,465 Students

Explaining that previous building programs of the college had "stopped at the 800-900 level for the student body," he said: "We are now building to catch up with the increases in the size of the student body that will number about 1,465 this fall. All of our activities are crowded for space."

He referred to the dormitory building program now underway with funds borrowed from the federal government and to be amortized from room rentals over the years and said: "Even when the dormitories are finished there will be about 150 students who will have to live in the town."

General Paul said the new dining hall at W. Lincoln and College Ave. will be ready for use in the early spring and then Huber Hall will be remodeled to accommodate more women students. He said the ratio of three men to each women student will change next year when there will be 1,000 men and 500 women.

**More New Buildings**

## PHONE SERVICE OUT FOR HOURS

Approximately 500 persons were without telephone service for about four hours Monday afternoon and evening when rain seeped into two cables and put them out of service.

John E. Caldwell, manager of the local office of the United Telephone Co., said the shortages occurred on Buford Ave., near the seminary, causing interruption of service to residents of Buford Ave. and as far west as McKnightstown, and in the third block of S. Washington St.

An emergency line was run into the Warner Hospital.

Caldwell said the cables "went out" at 4 o'clock when water poured into tiny holes that apparently had worn in the cables. A vacuum effect is produced inside the lead cables, he said, thus drawing moisture inside inside the lead covering when the covering becomes worn.

Switchboard operators are notified automatically when a cable "goes up," Caldwell said. All of the lights on the switchboard connected to the cable light go on.

Linemen found the leak which caused the short circuit. When the leak is found a drying compound is inserted in the line until the water is cleared from the cable.

The work was completed and the lines restored to operation about 8 o'clock Monday night.

"EACH SEPTEMBER"

Each time September rolls around . . . and leaves begin to fall . . . I think about the summer past . . . and times beyond recall . . . I drift as do the brittle leaves . . . on streams of reverie . . . reliving joyful times now classed . . . as days of use-to-be . . . though it is but a little while . . . since all the earth was green . . . it seems as though a long, long time . . . has come and gone between . . . how time plays tricks on all mankind . . . how quick and yet how slow . . . staying but a moment . . . and then it's on the go . . . goodbye warm days and emerald grass . . . I'll miss your soft caress . . . already I am yearning . . . to share your happiness . . . the tender hours free of care . . . the moments touched with bliss . . . each time September rolls around . . . I think of things like this.

Donald L. Wolfe was leader at the first fall meeting of the Christian

daughter of Walter J. Willhide, El Paso, Texas, and the late Mrs. Willhide, to John B. Little, son of Mr. and Mrs. Joseph L. Little Sr., Thurmont, Saturday morning at 9:30 o'clock.

The double-ring ceremony and nuptial mass was performed by Rev. Vincent J. Tomalski, pastor.

Miss Ellen Wetzel, Thurmont, was the maid of honor. The bridesmaids were Mrs. Charles Creager, Frederick; Mrs. Russell Claybaugh, Thurmont, and Miss Lois Hart-dinger, Emmitsburg. Phyllis and James Wivell Jr., twin niece and nephew of the bride and children of Mr. and Mrs. James F. Wivell, served as flower girl and ring bearer.

Donald Little served as best man for his brother. The ushers were John Wood, Thurmont, brother-in-law of the groom, and Francis Seiss, Washington.

The church organist, Mrs. Ernest Seltzer, played the traditional wedding marches. She was assisted by Mrs. Richard Ott who accompanied the soloist Robert Wetzel, cousin of the bride.

Immediately following the ceremony, a reception was held for approximately 250 guests in the parish hall.

Following a wedding trip to an unannounced destination, Mr. and Mrs. Little will make their home in their newly furnished apartment on E. Main St., Emmitsburg.

The bride is a 1953 graduate of St. Joseph's High School and is presently employed at Fort Detrick. The groom attended St. Joseph's High School and is now employed at Mount St. Mary's College.

**Borowick-Spangler**  
Miss Patricia C. Spangler, daughter of Mrs. Muriel C. Spangler, 115 East Chestnut St., Hanover, was married to Joseph Borowick, son of Mrs. Eva Borowick, Manchester, Md., Sunday at 2 p.m. in a double ring ceremony in St. Joseph's Catholic Church, Hanover, performed by Rev. Thomas Gralinski, assistant pastor.

The bride, a graduate of Delone Catholic High School, McSherrystown, recently returned from a five-month tour of California. She had been employed in the office of Everybody's Publishing Company. The bridegroom, a graduate of Logan Senior High School, West Virginia, attended the Commercial Trade Institute, Chicago, Ill., and is employed by C. C. Kottcamp, York. DECLARES ICE  
"MYSTERY IS"  
"FUSED HAIL"

READING, Pa. (AP)—There's an easy solution to the mystery of the ice chunks that have been dropping on Pennsylvania from the sky, says a Reading chemist.

"Fused hailstones," said Dr. Malcolm J. Reider, head of the M. J. Reider Associates chemical consulting firm, who has made tests on samples of five ice chunks which fell since July 30.

The first one dropped on a farm at nearby Bernville. Other falls occurred at Gowen City near Shamokin, Aug. 14; Camp Hill near Harrisburg, Aug. 27; Chester, Sept. 8; and in Philadelphia, last Thursday.

Reider said his tests indicated the ice from the first three falls were formed in the Midwest as hailstones and was carried to Pennsylvania on the jet stream, a high altitude wind current. When the hailstones fused, they became too heavy to be carried along by the wind and fell to earth.

**High Alkaline Content**  
When melted down, he said, the ice samples showed a high alkaline content not usually found in this part of the country.

Reider said he was not as sure of the origin of the ice blocks which fell in Camp Hill and Philadelphia since the latter had lower alkaline content and were not as hard. But all five samples were composed of fused hailstones, he said.

He ruled out the theory that the ice fell from airplanes after having formed on the wings.

Uses 'Copter To Give  
Work To Secretary

Justice of the Peace John H. Basehore combined business with pleasure Sunday morning and probably became the first businessman in Gettysburg's history to inform his secretary of work to be done via helicopter.

Basehore, who holds a commercial pilot's license, had been "itching" to take a helicopter flight all summer. Sunday morning after attending services at St. James Lutheran Church here and having some work he wished his secretary to do before he arrived at the office this morning, Basehore made the business and pleasure trip.

He flew as a passenger to the Chester A. Shriver farm, Gettysburg R. 1, where he delivered the message to his secretary.

PROBE SLAYING  
OF EX-ACTRESS

LOS ANGELES (AP)—Officers probing the strangulation of one-time screen star Rhea (Ginger) Mitchell have indicated they will turn to the 63-year-old spinster's past for some clue to her slayer.

Sought for questioning was a balding, middle-aged man reportedly with her. Miss Mitchell, who played opposite William S. Hart, Tom Mix and other Western heroes in silent pictures, was found dead yesterday in a large apartment house, the second she had managed in the past year.

Police in Seattle, Wash., were asked to question Miss Mitchell's only known relative, an aunt, Mrs. John Benson.

Homicide investigators said they also plan to talk with the woman's friends and contemporaries from her film successes of the mid-1920s, including actresses Anna Q. Nilsson and May McAvoy.

The body was found in a tiny dressing room of Miss Mitchell's apartment. A belt from her blue silk dressing gown was knotted tightly about her throat.

COUNTY CHURCH  
WILL CELEBRATE  
HARVEST FETE

St. John's Lutheran Church, Abbotstown, will observe the annual Harvest Festival at the service Sunday morning at 10:30 o'clock. The chancel will be decorated with flowers and produce. Donations of food and cash will be received for the work of the National Lutheran Home for the Aged in Washington, D.C.

The congregation will participate in the worldwide Communion on October 6. The Sacrament will be administered at 10:30 o'clock at which time new members will be received. Children will be baptized at 1:30 p.m. The Lord's Supper will also be administered in the Junior chapel at 2:30 p.m. for the aged and others unable to attend the regular service.

On October 13, the Church school will observe Rally Day with special programs. Rev. Edwirth Korte, chaplain of Gettysburg College, will address the adult department. The children's department will meet for a special program including a motion picture and a talk by the pastor.

**Open Sector Project**  
Various committees are at work for the Sector Project being sponsored by the Central Pennsylvania Synod. The project, containing a self-study of the congregation, is the first step in preparing for the 200th anniversary of the congregation to be observed in 1960.

Until recently, the congregation was joined with Trinity Church of East Berlin in a pastoral charge. By mutual consent, the charge was dissolved July 1, with Rev. L. J. Karschner accepting a call to be pastor of the Abbotstown congregation.

The pastor will be the guest missionary in the Friedens Lutheran Church of the West Allegheny Conference September 29 to October 4. In his absence on September 29, Barron Mayberry, a senior at the Gettysburg Seminary, will occupy the pulpit. He was the field worker in the parish two years ago.

To Hold Hearing  
On 25-Cent Fare

HARRISBURG (AP)—The Public Utility Commission will conduct a public hearing here Oct. 22 on the elimination last July of a 25-cent fare charged for downtown Philadelphia riders from Overbrook using the 69th Street facilities.

The joint fare established by Philadelphia Transportation Co. and Philadelphia Suburban Transportation Co. was eliminated when the commission directed the PTC to extend its bus Route 31 for Overbrook riders.

## Out Of The Past

FIFTY YEARS AGO

**Holdup At Red Bridge:** The Red Bridge, below Mt. Rock, Adams County, was the scene of a hold-up Saturday night when Cletus Hockensmith was seized by two men as he entered the bridge, was blindfolded and relieved of \$17 in cold cash.

Young Hockensmith has attended the festival at Conewago Hall and after escorting his lady friend to her home started for his home about one mile from Mt. Rock. The time was between 12 and 1 o'clock. As he approached the bridge a tall man rose from the back of a log, seized the pedestrian and bore him to the stone coping at the bridge's entrance. Another man came up from behind and with a handkerchief blindfolded the young man. The tall man held the victim and his pal went through Hockensmith's pockets. They took \$17 in currency and generously put back into his pocket 80 cents in change and a small knife. The strangers then released Hockensmith and told him to hurry home, also remarking that he "wasn't the fellow they were laying for."

**General Local Jottings:** About 100 persons attended the races at New Chester Track on the 14th inst.

A new concrete pavement laid by Amos Eckert is a noticeable improvement. Martin Winter is also having a like pavement laid in front of some of his property on Broadway.

It cost Mrs. Smee, of Nebraska, who is visiting in Carlisle, just about \$50 to visit Gettysburg one day recently. She either left her purse in a trolley car, or someone relieved her of it.

**Union Veterans' Legion:** The Union Veterans' Legion Encampment was held here last week and was attended by some 500 members and friends of the Legion and was one of the most delightful gatherings held here this year. Nearly every state in the Union was represented and there were many present who participated in the battle of Gettysburg. Much time was spent by the visitors in viewing the battlefield and all returned home delighted with the trip to historic Gettysburg.

**In The County:** Clinton Tawney is having a fine residence erected of concrete blocks on his property at Salem U. B. Church.

The junior ball team of New Oxford, went to York Springs Saturday afternoon where they were defeated by the score of 9 to 6.

A large tree on the land of Mr. John Chrismer at Bonnevilleville was struck by lightning on Monday night and nearly consumed by fire. Mrs. Amos Keikert of Cumberland Township, showed us a head of cabbage that measured 34 inches in circumference and weighed 11 pounds.

As a mark of their esteem and friendship the members of "Camp Billy" of Gettysburg recently presented their fellow member C. W. Gardner of York Springs with a folding cot for use in their next outing along the Conewago.

Mrs. Amos Weikert of Cumberland postmaster in New Oxford is the new clerk in the post office, taking the place of Miss Elsie K. Klingel who resigned the position.

Peter Trostle, York Springs, raised a sunflower stalk in his garden that contains 115 flowers.

**Saved Child's Life:** On Friday morning as George W. Hoffman, an old veteran, was driving along the road from Two Taverns to Taneytown, near the former place, he saw in the distance a little girl about five years old following a herd of cattle to pasture, among them being a large bull, which turned on the child.

Mr. Hoffman hastened with all speed but before reaching the place the beast knocked the child down and was going it. Mr. Hoffman with his whip and yells succeeded in driving the enraged beast away. He then put the child in his buggy and took it to its mother, Mrs. John Rider, near Two Taverns. The child was badly bruised but not severely hurt. Had it not been for Mr. Hoffman the little one would have been

## Today's Talk

### CLOTHES LEFT BEHIND

Most of my old clothes are left behind at my summer island retreat, for it is there that they put on new glory as I welcome them each year. I have a dozen different caps, trousers that have an increase of patches each season, and paint-spotted accessories that are a delight, no matter what my guests may think! These are fun clothes.

The joy of my vacation lies in its freedom and its absence of all "dress-up." "You don't say so," remarked the friend of a guest who, upon inquiring who that fellow at the end of the pier was, awaiting his guests, was told that it was George Matthew Adams! It was all me, in my vacation make-up. It was no fashion model, I can assure you. I was beaming in my clothes left behind, free, easy, and happy.

These old clothes of mine fit the location, my boats, the rugged shores of the lake, the emerald sun-kissed mossy paths, the reaching arms of the hemlocks, and antics of the red squirrels. The rain or storms can't dampen my spirit so long as I can get back to these clothes left behind. I am then in my friendly fashion.

Nature doesn't care how one dresses, if one is on pleasure bent. Let the wind howl. Let the rain drop its measure. All is well with the friendly garments of yesterday! Why should we make pretenses? Who is to make criticism (unless it be your wife)? There is plenty of room for all our Thoreaus and Whitmans who have the friendly eye, and rejoice in the option of joining with Nature in its free and unpretentious life.

Away with all false pride! Live and mingle with Nature's treasures, its songs, colors, and fragrance, health distributing, pure air. Let others have their say. Never desert those clothes left behind!

Tomorrow Mr. Adams will talk on the subject: "Sidewalk Democracy."

## Just Folks

GREATNESS

Just a kind word here.  
And a kind word there.  
And a smile or two.  
Of your stock to spare.  
And a little lift.  
To a soul in need.  
And the sum of this  
Is a splendid deed.

You sigh for greatness?  
Then be a friend  
And a helping hand  
Be glad to lend.  
Speak a kind word here  
And a kind word there.  
For this is greatness  
Beyond compare.

## College

(Continued from Page 1)  
buildings planned for the near future. "They cannot be built with funds from the federal government and some day soon we may be coming to you for help on that undertaking," the college president added.

He compared the need for a Student Union building to the need in a home for a recreation room to keep teen-agers at home. "That's what we're going to do—build a recreation building on the campus that will keep our students here and out of nearby taverns where they can get into trouble."

More classroom buildings, a field house and a science building are other items on the college building program that will have to be financed by fund raising campaigns instead of federal loans, the speaker said.

Reminding his hearers of the "tidal wave" of students now in the public schools that will reach college age in the next decade, General Paul said the college has a planning committee made up of trustees, faculty, alumni and students looking forward into the planning for the next 25 years for the college. "That committee is thinking about what the college owes its community, its alumni and its church on the matter of admitting students," he said.

**Raising Salaries**  
General Paul spoke of the determination to raise faculty salaries and said that "actually the low faculty salaries have been subsidizing part of the students' education." He said that tuition charged students has covered only about 60 per cent of actual costs of the students' education.

"The college brings a lot to the community. I'd say it amounts to about three million dollars a year and, in my lexicon, that isn't hay. It's a lot of money. You do a lot for us, too, by providing the community in which our college serves. Your churches, your business establishments, schools and your great friendliness as a community are valued by the college."

Expressing the hope that Monday's meeting will be the beginning for more programs linking the college and the community, General Paul made his suggestion for an advisory committee from the organizations of the town.

**Promotion, Advertising**  
He suggested that the town could do more in the way of promotion and advertising for the college and "maybe we could do more in the great amount of material we send out each year from the college in the way of promoting Gettysburg. Those are some of the things on which I seek your advice."

Dr. Dunkelberger noted that "100 years ago tonight the annual Junior Exposition of Pennsylvania College" was being held with a series of orations included on the program on such topics as "The Value Of Mathematics," "Woman, Her Noble Deeds," and "The Coronation of Tasso."

Special guests introduced included the presidents and secretaries of the give service clubs, Rotary, Lions, Exchange, Sororities and Kiwanis, six representatives of the college student body; Burgess William G. Weaver, Paul Green, dramatist and author who spoke later in the evening at the courthouse on plans for a Gettysburg historical pageant; Robert L. Kunes, assistant to the president of the college and director of development; C. A. Wills of the college board of trustees; John S. Rice, chairman of the college board of trustees; Mrs. Wills; Dr. Frank Kramer, retired head of the college Education Department; Dr. Raby, and

Later, Phao left aboard a Dutch KLM airliner for Geneva. He said he is going to Switzerland for two or three years. He also said Pibulsonggram was trying to leave the country.

"Everything is fine," said Phao who commanded the 40,000-man police force. "There will be no trouble because Marshal Sarit is my friend."

Marshal Sarit said he had asked Phao, a wealthy man, to go into the Buddhist priesthood or leave the country.

Diplomatic sources said that Sarit had promised that Thailand will not change her foreign policy and that all treaty obligations will be met.

Sarit said foreign lives and property will be protected and that he wanted SEATO to keep its headquarters here.

Each guest was presented with a packet including college athletic schedules, a copy of a letter recently sent by General Paul to 'alumni, parents and friends' and a copy of the program for the conference on "The Civil War — An Emergent New America," to be held at the college November 17-19 as part of the 125th anniversary celebration.

Dr. Dunkelberger acknowledged presentation by the Sororities Club of a bouquet to General Paul and the college.

## HANOVER DRIVER

(Continued from Page 1)  
that the four had drunk beer in Stevens car in Hanover, kept cool by a lard can containing ice; decided to go to "Bar 30"; had spent two hours there but each boy who testified admitted to only one drink each there, and then had started home with at least one member of the party warning Stevens about his speed.

Trooper Stanski testified that a case of 23 empty beer bottles had been found beside the car after the crash. Several were broken but all were empty, he said. Continued questioning failed to bring information about who had consumed all of the beer. One youth said it had been bought by Stevens from a Hanover distributor he could not name.

**"In No Condition To Drive"**  
William Muntz, Hanover, who became 19 this month told of meeting the others boys at Marshall's truck stop a mile south of Hanover. He said he had a bottle of beer in Stevens' car there and the others were drinking too. They drove to "Bar 30" and spent two hours. He said somebody warned Stevens about his speed but "I wasn't too worried."

Muntz said he went to the bar where he was told by Stevens how to order a mixed drink. "Stevens might have had one drink, Herb McDonald had one and Klinedinst was drinking too," he said. He could not say who had consumed the case of beer in the Stevens car.

Stevens "seemed all right but was stepping on it a little" on the way back to Hanover. He said: "The car started to go sideways and I ducked. Later Muntz was recalled to the stand and admitted telling police after the crash: 'Stevens was in no condition to drive but I didn't say anything because I wanted to get home.'"

**Agas Not Questioned**  
Herbert McDonald, 19, Hanover, appearing in court in a neck brace, said he had been hospitalized 11 days with a broken neck after the crash. He said he "guessed" Stevens bought the beer in his car. He said he (McDonald) had a bottle and a half of beer at the truck stop and one beer at the Bar 30 where he saw Stevens and Klinedinst each have one beer. "A short man with glasses" served the drinks and did not question their ages the witness said.

McDonald said he was dozing in the back seat when Stevens, who was "going pretty fast" lost control. "I woke up in the hospital," he added. He later admitted "we could have all had a pretty good load on and were 'sleepy.'" He said that was his first trip to the Bar 30 but Stevens and Klinedinst "seemed to know their way around there."

McDonald also admitted that his "friends go to the Bar 30 and get drinks regardless of their age." He testified that both he and Klinedinst had warned Stevens to "take it easy" on the way home because he was "going too fast." He refused to estimate the speed but said it "could have been 70 or 75" when the car went out of control and off the left side of the road where its rear was smashed against a utility pole.

**Reads Stevens Statement**  
Trooper Stanski took the stand to describe skid and brake marks extending for about 250 feet at the scene of the crash. He quoted Stevens as telling him he had bought the case of beer from a Hanover distributor and that much

Dr. Crist told the jury Klinedinst was dead on arrival at the Hanover hospital after suffering a fractured skull and crushed chest. The accident occurred about 1 a.m., he said.

cago Joint Teamsters Council reaffirmed its endorsement of Hoffa for president but it released its delegates to vote as they please at the convention.

Backers of Thomas J. Haggerty, Chicago Teamsters official who is seeking the presidency, hailed last night's action as a victory for Haggerty.

The joint council in Chicago represents about 10 per cent of the Teamsters' national voting strength at the convention.

The Ethical Practices Committee at its meeting here discussed charges stemming from the Senate committee's probe of the Teamsters Union, the Bakery and Confectionery Workers of America and the United Textile Workers.

Albert J. Hayes, chairman of the five-man committee and president of the International Assn. of Machinists, said the committee would hold one more meeting here Sept. 23, before submitting its report to the AFL-CIO Executive Council. The council will meet here Sept. 24 and 25.

The committee declined to make a statement to newsmen after the 2½-hour closed session.

such as the "Lost Colony," which has been in operation for 11 years, "needs about 100 actors. It can operate only six days a week because the actors' voices cannot stand a seven-day week for the ten weeks the pageants are normally presented.

Cost of the production is "about \$9,000 a week including actors, expenses, promotion, etc." All of the outdoor dramas established so far have proven profitable, Green said.

**Favors Town Project**  
Burgess Weaver said, "If it is decided to present an outdoor drama here, it should be community-wide project and not the effort of three or four people. Profits should go into a community enterprise. I would recommend, because it has been a dream of mine for many years, that if a historical drama is established the profits be used to construct and operate a community center for our town."

Green said the cost of getting a drama underway would be "about \$150,000. You can spend more, and many have spent more. But for about \$125,000 you should be able to construct a large amphitheater and put in a large parking lot and have about \$25,000 to carry on the work until the drama begins to pay for itself."

**Two-Month Season**  
"The season for such drama is roughly from July 4 to Labor Day. That is the tourist season and we find there are not sufficient customers to keep the show running before the beginning of July or after Labor Day. Tickets sell from \$1.25 to \$4.50 at the various dramas. The initial financing has been obtained in many ways, from donations by state legislatures, to federal funds, to local effort."

Burgess Weaver said he will call another meeting in the near future to discuss the possibility of setting up an organization to lay the groundwork for possible presentation of an outdoor historical drama.

## Haney Pep Talk Gets Results As Braves Lace Phillies 5 To 1 To Increase Lead To 3 Games

By ED WILKS  
The Associated Press

What was it Manager Fred Haney said in his "wee bit of a pep talk" with the Milwaukee Braves?

It didn't last long, just about three minutes before last night's game with Philadelphia. Haney later said he mentioned that a 2½-game lead was nothing to get all choked up about. In fact, it was a real surprise what with five regulars injured and out of the lineup at one time this season. He didn't mention, apparently, that the lead was 8½ just 12 days before.

"Now we're through with all that," Haney said he said, "and all we have to do is go out and swing those bats."

**Speech Worked**  
A nice little speech, but a bit out of character for Haney.

"How much of a so-and-so salary cut can YOU so-and-so afford?" would be more like it.

Whatever Haney said, it worked. The Braves burst loose for 14 hits and breezed to a 5-1 victory over the Phillies that ended a losing streak at three games and padded their National League lead to three games over the St. Louis Cardinals.

Brooklyn's third-place Dodgers were a somewhat bedraggled bunch of "contenders" after last night's 3-2 defeat in 10 innings at Cincinnati.

**A. L. Race Slays Put**  
The American League race stayed put. The first-place New York Yankees were idle and Chicago's second-place White Sox were rained out in their last scheduled appearance at Washington this season.

The Braves got back in business behind Bob Buhl. The black-browed right-hander won his eighth in a row for a 17-6 record with his first complete game in four tries since Aug. 9.

Buhl permitted eight hits, but the Braves tagged southpaw Harvey Haddix for eight and a 4-0 lead within five frames. Del Rice cracked his eighth home run and double for two runs, and Johnny Logan was 3-for-4.

**Podres Was Loser**  
Buhl was making his second start since being sidelined Aug. 1 with a sore shoulder.

The Dodgers, who had taken two of three at Milwaukee before losing the two-game series at Cincinnati, were done in by Joe Taylor, who drove in all three Redlegs runs with two homers, and a bases-loaded walk from right-handed reliever Ed Roebuck in the 10th. The Brooks intentionally walked pinch hitter Moky Burgess, a left-hander, to load the bases for Taylor.

Johnny Klippstein, 7-11, was the winner. Southpaw Johnny Podres (12-8) was the loser.

**THINK FAUBUS WANTS U. S. TO SAVE HIS FACE**  
By RELMAN MORIN  
LITTLE ROCK, Ark. (A)—Rep. Brooks Hays, apparently playing the peacemaker's role, is set to see Gov. Orval Faubus again today, but the governor gave no sign, publicly, of his next move in the highly charged dispute over integrating Central High School.

Hays is the Arkansas Democrat who helped arrange Saturday's meeting between President Eisenhower and Faubus.

He flew to Little Rock from Texas yesterday, said Faubus, and told reporters he will meet with him again today. He said: "A solution cannot be postponed longer. The hopes of the people of the country, which have been built up, simply cannot be frustrated."

**"Who Will Surrender?"**  
Somebody has to give in to dissolve the impasse in Little Rock, Hays said, posing the question, "But how to give in without surrendering?"

Who will surrender? "I don't know," he replied. He added: "There is no occasion for pessimism simply because we have not tied up this package."

Little Rock today is one big question-mark.

Will Faubus withdraw the guardsmen from the high school within the next few days and permit Negroes to enroll? Many people believe so.

**May Want Injunction**  
Or will he sit tight until Friday, then respond to the summons to appear in U. S. District Court, and let the federal government issue an injunction ordering him to stop interfering any longer with the integration of the school? Others believe this is Faubus' strategy.

The governor's mansion is wrapped in silence.

Meanwhile, a letter to the governor and new legal actions entered the high-tension story.

Woodrow Wilson Mann, mayor of Little Rock, sent the letter to Faubus yesterday in the hands of a policeman.

**May Use Police**  
Mann took note of the "persistent rumors" that Faubus will withdraw the Guard within the next few days. He asked 24 hours notice "in order that proper preparations might be made for the general welfare of the public."

That could mean that Little Rock police will go on duty at Central High—possibly to protect the Negroes rather than turn them away from its doors.

Mann has outspokenly criticized Faubus for sending the guardsmen to the school.

**Conservatives Get New Head**  
LONDON (A)—Viscount Hailsham took over today as chairman of the Conservative party and set out to reverse the trend of electoral setbacks for the government.

Prime Minister Macmillan handed the 49-year-old peer the job of whipping the party into shape for national elections in 1959 or 1960.

Hailsham, formerly minister of education, also became lord president of the council. Although this is a high Cabinet post, it will allow him more time for party duties.

The combination of Cabinet and party posts brought criticism from the opposition Laborites. They say Macmillan in effect is using the time of a government official for Conservative party work.

As lord president of the council, Hailsham will have some responsibility for scientific and industrial research and development. In this post he succeeds the Earl of Home, who will continue as secretary for commonwealth relations and Conservative leader in the House of Lords.

**ARMY-TULANE GAME LOST TO NEW ORLEANS**

NEW ORLEANS (A)—Rep. F. Edward Hebert (D-La.) today said the National Assn. for the Advancement of Colored People was behind the transfer of the Army-Tulane football game from New Orleans to West Point.

He blasted the Army as "a full partner in the campaign against the South."

The game, scheduled for Nov. 16 and the target of criticism by a Pennsylvania congressman, was transferred yesterday. Secretary of the Army Wilber F. Brucker told Hebert the transfer was agreed upon by both schools.

Brucker said Louisiana's segregation law was the reason.

**Hints At Loss**  
Hebert, however, said there was nothing different now from the time the game was originally scheduled. He said he personally warned the Army that the NAACP would try to have the site changed.

"Unfortunately," he said, "our friends at Tulane have rather compromised the issue by agreeing to transfer the game."

One Tulane spokesman said the transfer might mean a revenue loss as high as \$50,000 for Tulane.

The Louisiana law, passed in 1956, bans racially mixed competition and integrated seating. Brucker said it was decided that all seats sold by Army would have to conform.

There are no Negroes on the Army football team, but some cadets at West Point are Negro.

Rep. James G. Fulton (D-Pa.) protested the game recently to President Eisenhower.

**YANKEES PICK KUBEK FOR AL ROOKIE OF '57**

NEW YORK (A)—Now that the York Yankees (privately) figure they have the American League pennant safely tucked away, they are turning their attentions to other matters.

One of the most important is the race for the AL Rookie of the Year. Their man, of course, is Tony Kubek, the 20-year-old infielder-outfielder, jack-of-all-trades.

To a man, they might be disappointed if Kubek doesn't get the award.

"You might say his long-range prospects for continual employment around here appear to me at present to be highly favorable," Manager Casey Stengel said today, emphasizing his perfect grammar with a wink.

Young Kubek, in the past five games, has started in four different positions. He has become, perhaps, the handiest Yank of them all, and his .294 batting average doesn't tend to belittle him either.

In addition to his versatility (a prerequisite to stay in Stengel's favor), Kubek can:

1. Hit to all fields.
2. Bunt.
3. Run.
4. Throw.

He claims his best position is at shortstop, but Stengel pays no heed. The Professor simply looks over his lineup each day, decides who is crippled at the moment and inserts Kubek.

"The kid starts after the ball like Joe DiMaggio used to," said Stengel in admiration. "He starts when the ball is his and sometimes you think he's not going to catch it. But he gets to it just like Dimag."

**Philadelphia Sues Boxer For Taxes**

PHILADELPHIA (A)—Former featherweight boxer Percy Bassett was sued yesterday for \$1,500 by the city of Philadelphia on a charge he failed to pay profits taxes on purses totaling \$4,000.

Bassett, who moved to Philadelphia from Atlantic City, N. J., in 1948, held the "interim" featherweight title in 1953 while the actual champion, Sandy Saddler, was in the Army. He won 64 of his 77 fights before a detached retina in one eye forced him to retire in 1955.

**Eastern League**

ALBANY, N. Y. (A)—Albany, which has shown signs of wilting in the Eastern League Governors' Cup Playoffs against the Reading Indians, goes into tonight's contest refreshed by rain.

When wet weather postponed last night's game here, it gave Albany's ace pitcher Bill Slack an extra day to rest up and helped the Senators' chances of overcoming their 2-0 deficit in the best-of-five series.

four business associates charged with conspiracy to help Beck evade his taxes will also be held Jan. 6, unless motions for separate trials are granted.

**Brooklyn Bid Is Passed By Council At L.A.**

LOS ANGELES (A)—The first man who drafted this city's first firm offer to lure the Brooklyn Dodgers to Los Angeles says:

"The proposal is a splendid opportunity for Walter O'Malley and the Dodgers. It is also a splendid opportunity for Los Angeles to acquire major league baseball."

Harold C. McClellan, Los Angeles' delegate to the court of O'Malley, said he is confident the Dodgers president will accept the proposal. It was passed 12-3 yesterday during a stormy, five-hour session of the City Council.

**Two Major Hurdles**  
During the discussion, Mayor Norris Poulson—who last May announced that the Dodgers were as good as warming up in Los Angeles—dramatically told the councilmen: "This is our hour of decision. . . . If we don't move we're dead. . . . Are we going to be a bush league town? You've lost your guts if you table this action."

McClellan told The Associated Press two major hurdles still must be cleared:

The Dodgers, of course, must accept the offer.

The Los Angeles County Board of Supervisors must agree to develop more than two million dollars in roads adjacent to the proposed site for the Dodgers in Chavez Ravine.

**The Basic Proposal**  
The supervisors, with three of the necessary five votes already pledged, were expected to vote the necessary road funds today.

Then, McClellan said, the proposal will be sent officially to O'Malley, who so far has issued only a terse "no comment."

Basically the offer is this: In exchange, the Dodgers would give the city Wrigley Field.

The city would spend no more than two million dollars to level the proposed Chavez Ravine site.

The Dodgers would construct \$500,000 worth of public recreational facilities on 40 of the 300 acres. The club would spend \$80,000 a year to maintain the facilities for 20 years, at the end of which time the 40-acre parcel would belong to the Dodgers.

**YANKEES PICK KUBEK FOR AL ROOKIE OF '57**

NEW YORK (A)—Now that the York Yankees (privately) figure they have the American League pennant safely tucked away, they are turning their attentions to other matters.

One of the most important is the race for the AL Rookie of the Year. Their man, of course, is Tony Kubek, the 20-year-old infielder-outfielder, jack-of-all-trades.

To a man, they might be disappointed if Kubek doesn't get the award.

"You might say his long-range prospects for continual employment around here appear to me at present to be highly favorable," Manager Casey Stengel said today, emphasizing his perfect grammar with a wink.

Young Kubek, in the past five games, has started in four different positions. He has become, perhaps, the handiest Yank of them all, and his .294 batting average doesn't tend to belittle him either.

In addition to his versatility (a prerequisite to stay in Stengel's favor), Kubek can:

1. Hit to all fields.
2. Bunt.
3. Run.
4. Throw.

He claims his best position is at shortstop, but Stengel pays no heed. The Professor simply looks over his lineup each day, decides who is crippled at the moment and inserts Kubek.

"The kid starts after the ball like Joe DiMaggio used to," said Stengel in admiration. "He starts when the ball is his and sometimes you think he's not going to catch it. But he gets to it just like Dimag."

**Philadelphia Sues Boxer For Taxes**

PHILADELPHIA (A)—Former featherweight boxer Percy Bassett was sued yesterday for \$1,500 by the city of Philadelphia on a charge he failed to pay profits taxes on purses totaling \$4,000.

Bassett, who moved to Philadelphia from Atlantic City, N. J., in 1948, held the "interim" featherweight title in 1953 while the actual champion, Sandy Saddler, was in the Army. He won 64 of his 77 fights before a detached retina in one eye forced him to retire in 1955.

**Eastern League**

ALBANY, N. Y. (A)—Albany, which has shown signs of wilting in the Eastern League Governors' Cup Playoffs against the Reading Indians, goes into tonight's contest refreshed by rain.

When wet weather postponed last night's game here, it gave Albany's ace pitcher Bill Slack an extra day to rest up and helped the Senators' chances of overcoming their 2-0 deficit in the best-of-five series.

Larry Dresen will be on the mound for the Indians.

four business associates charged with conspiracy to help Beck evade his taxes will also be held Jan. 6, unless motions for separate trials are granted.

**Set January Date For Beck's Trial**

TACOMA, Wash. (A)—Trial of Dave Beck, president of the Teamsters Union, on income tax evasion charges will be held next Jan. 6 in the U. S. District Court here. The date was set yesterday.

Beck has pleaded innocent to nine counts of evading \$240,000 in income taxes for the years 1950-53.

## FAMILY OF 3 IS KILLED IN CRUSHED AUTO

PHILADELPHIA (AP)—A family of three was killed Monday when a gasoline tank truck crushed its car at Linwood, Delaware County.

It took rescuers two hours to free the victims from the tangled wreckage. Dead were Max Planzer, 57, of Claymont, Del.; his wife, Elaine, 31, and their daughter, Elsa, 2.

Police said the two vehicles collided at Ridge Road and Market Street, upsetting the car and rolling it over several times. The front wheels of the truck, which was by then out of control, jumped over the sedan and shoved it across the intersection to the opposite corner. When the vehicles stopped, the car lay flattened beneath the cab of the truck.

**Trailer Hits Tavern**  
The tank trailer section crashed into a tavern on the corner.

An estimated 1,000 persons gathered as rescuers struggled to get the Planzers from the automobile.

Mrs. Planzer was released first, but was pronounced dead on arrival at Chester Hospital. Planzer was alive when reached by rescuers but died in the Linwood Fire Co. ambulance on the way to the hospital.

The young girl, clad in pajamas, was dead when workers reached her.

Police said the truck was driven

## Flu Knocks Out Crews Of Two Subs

LONDON (AP)—Influenza Monday knocked out the crews of two British submarines scheduled to take part in this week's big NATO exercises.

Doctors said they suspected the victims may be suffering from Asian flu. Outbreaks of influenza, some reaching epidemic proportions, were reported in other parts of Britain.

Seventy-eight American and British warships were at various sections of the Clyde River in Scotland in readiness for the NATO exercise "Strikeback."

### SWIMMER DROWNS

PHILADELPHIA (AP)—Nicholas Perelli, 22, of suburban Broomall, drowned while swimming in the choppy current of the Delaware River Sunday.

He dove into the water from a friend's boat about 200 feet from shore. He soon tired in the strong current and cried for help, but nearby boatmen were unable to save him.

Traffic was rerouted through Marcus Hook for more than two hours. Ridge Road is a segment of busy Route 13.

## 2 MONTHS OF DROUGHT SET NEW RECORDS

HARRISBURG (AP)—The State Agriculture Department reported Monday the drought during July and August in southeastern Pennsylvania broke or threatened a number of weather records.

In the Reading area, farmers experienced the driest January-August 8-month period of record. Only 18.6 inches of rain fell, according to U.S. Weather Bureau records.

During August .88 inch was recorded. August rainfall in Harrisburg at 93 inch was the lowest since 1923 and the total summer rainfall was the least since 1909. In the Allentown area the month was the driest since 1916.

The continuance of drought conditions through the southeast and the spreading of dry weather to western counties prompted Pennsylvania crop reporting service statisticians to revise estimates downward for all summer and fall crops.

Rainfalls in the southeast Aug. 25 and 26 were too little and too late. They helped some pastures but at month-end most were still far below normal for fall grazing. The moisture was too late to help corn production which, for the entire state, is reported at 64 per cent of last year's output.

Rains last week aided eastern Pennsylvania farmers in preparing their soils for fall planting of winter grains and benefited pastures which were in the poorest condition since the keeping of records started in 1933.

## Million Dollar Fire Burns 10 Hours

SOUDERTON, Pa. (AP)—Damage has been estimated at a million dollars in a fire which burned for nearly 10 hours destroying a shirt manufacturing plant in this Montgomery County community on Sunday.

Herman Frese, Souderton, controller of His Nibs Shirt Corp., estimated the loss. He said that more than \$100,000 in stock, including boys' shirts and pajamas was destroyed. Frese was overcome by smoke trying to remove filling cabinets from the blazing building.

Ten firemen were overcome by smoke and treated at the scene. Three other firemen were injured and sent home.

## PLANE CRASHES ON POWER LINES

MILLERSBURG, Pa. (AP)—Power to four central Pennsylvania communities was cut off Saturday when a Navy fighter plane struck a 66,000 volt power line across Pennsylvania Railroad tracks Saturday.

The plane, piloted by Lt. (J.G.) Donald E. Noel, landed at Olm-

sted Air Force Base, Middletown, with slight damage. Noel, who was on a training mission from Jacksonville, Fla., was not injured. Power was restored to Newport, Thompston, Millertown and Millersburg from other lines while Pennsylvania Power and Light Co. workers repaired the break in the main transmission line. The line carries power across the Susquehanna River. The PRR tracks parallel the river.

A passenger train from Washington to Buffalo was delayed nearly 40 minutes at Harrisburg while wires were cleared from the tracks. A spokesman for the Northern Division of the PRR said the break disrupted railroad communications.

the principal Pennsylvania summer and fall field crops were below last year's output in all commodities. Statewide corn yields were estimated at 19 bushels an acre under last year; soybeans, down 4½ bushels; alfalfa, one-tenth of a ton below 1956; tobacco, down 350 pounds to the acre, and fall potatoes, 30 hundredweight under 1956.

## Recognize Western Polish Frontier

BELGRADE, Yugoslavia (AP)—Yugoslavia officially recognized today the western Polish frontier on the Rivers Oder and Neisse "as the definitive Polish-German border."

A declaration signed here by President Tito and visiting Communist party boss Wladyslaw Gomułka of Poland said Yugoslavia, "taking into account the right of the Polish people, considers the existing border on the Oder and Neisse, decided upon at the 1945 Potsdam conference and recognized by the Democratic German Republic (Communist East Germany), as the definitive Polish-German frontier."

West Germany contends the Oder-Neisse line is only temporary.

## TWO INJURED AT SELINGROVE IN WINDSTORM

SELINGROVE, Pa. (AP)—Strong winds accompanying a thunderstorm tore up trees and damaged roofs in the northern half of this Snyder County community Sunday night, causing injury of two men.

Hardest hit by a quick storm was the Selingrove Airport where a pilot-instructor and his pupil were injured when the roof was torn off a hangar in which they were taking refuge.

Mel Spigelmeier, airport manager, identified the injured men as Bernard Corbin, 35, pilot of Selingrove, and Kenneth Goudy, 35, of Halifax.

Spigelmeier estimated the winds at 100 miles per hour. They hit about 6:30 p.m., knocking out power to the northern half of the community.

Most of the damage was to garage roofs and trees. Felled trees blocked roads at several points.

Spigelmeier said the hangar in which the two men were injured was demolished. He estimated damage to the structure at \$8,000. Also damaged was a \$3,000 Cessna 172 aircraft, an Aircoupe and a Piper Cub.

## WHITE, NEGRO ARE APPOINTED CHURCH PASTORS

CHICAGO (AP)—Negro and white ministers, each with equal authority, have been named for the integrated congregations of two Protestant churches—one of Chicago's oldest.

Services were held on an integrated basis for the first time Sunday at the Normal Park Baptist Church. It also was the first service in the 250-member church for the new copastors—one white, the other Negro.

At the same time, the 124-year-old First Presbyterian Church announced a Negro pastor and a white pastor would replace the retiring white pastor, Dr. Harold L. Bowman, 68. The new pastors assume their duties Oct. 20.

Dr. Bowman said the copastorship plan by a white and a Negro clergyman was the first ever tried by a Presbyterian Church.

"This is the fulfillment of my hope and prayer for this church," he told his 1,000-member congregation. About 100 members are

community. The winds were accompanied by heavy rain and hail.

The injured men were reported in good condition at the Selingrove Hospital with possible fractured ribs.

Pennsylvania State Police at the Selingrove station said the winds did virtually no damage to the southern half of the community.

Most of the damage was to garage roofs and trees. Felled trees blocked roads at several points.

Spigelmeier said the hangar in which the two men were injured was demolished. He estimated damage to the structure at \$8,000. Also damaged was a \$3,000 Cessna 172 aircraft, an Aircoupe and a Piper Cub.

### DEATHS

VIENNA (AP)—Alfred Neugebauer, 69, Austria's grand old man of the classical German-speaking stage, died Saturday. He began his career under Max Reinhardt at the age of 13.

SAN FRANCISCO (AP)—Dr. Henry F. Grady, 75, a front-line American diplomat in cold war showdowns with Soviet Russia in Greece and Iran, died Saturday.

Negro and several Negroes occupy leadership positions in the church, he said.

"We have demonstrated that Christian fellowship without racial distinction is not only possible but also an enriching experience," he said.

Both churches are on the city's South Side in neighborhoods with predominantly Negro populations.

The Presbyterian church was founded in 1833 at Ft. Dearborn, a frontier U.S. Army post and the first structure of any significance on the site of what is now Chicago.

The Rev. Ulysses B. Blakeley, 46, Philadelphia, a Negro, and the Rev. Charles T. Leber Jr., 35, Detroit, were named to replace Dr. Bowman, pastor for 24 years.

Installed as copastors of the smaller Baptist congregation were the Rev. Merrel D. Booker, a Negro, Gary, Ind., and the Rev. Fred R. Tiffany, Pontiac, Mich.

## GLUCK REPORTS FOR NEW POST

COLOMBO, Ceylon (AP)—Maxwell Gluck, the millionaire merchant, Monday met the man whose name he couldn't remember. They got along just fine.

The Kentucky and New York man was presenting his credentials as the new U. S. ambassador to Prime Minister Solomon Bandaranaike.

A reliable source said there was much joking between the two about Gluck's admission before a Senate committee that he did not know the names of the prime minister of Ceylon—at the moment.

"You have arrived here with all your fame coming ahead of you," Bandaranaike said.

Bandaranaike thanked Gluck for "the publicity Ceylon got from this incident."

"The Prime Minister," said a high government source, "is highly impressed with him and is sure he will make a success of his job. He will pick things up about Ceylon swiftly."

He was head of American President Lines from 1941 until 1948 and in the diplomatic service from 1945 until 1951. He was born in San Francisco.

## In Memoriam

**HARPSTER:** In sad, but loving remembrance of our dear husband and father, Penton Harpster, who passed away one year ago today, September 17, 1956.  
It is just one year ago today our dear one passed away. We miss him, oh, so much you know. We couldn't bear to see him go. Sad and sudden was the call of one so dearly loved by all.  
A bitter grief, a shock severe, it was to part with one so dear. Dearest father, how we miss you. This world will never know. If tears could only bring you back, you would have been here long ago. When the evening shadows are falling  
And I'm sitting all alone,  
In my heart there come a longing if you only could come home. I often look at your picture you are smiling and seem to say "Don't grieve for me, I'm only sleeping."  
You will see me again some day. We often sit and think of you And speak of how you died. For I of us you did your best, My God grant you eternal rest.

"A new bill will be laid before the next session of the Congress, and the proponents of federal intervention have organized a giant campaign for its adoption. We have our work to do all over again."

**Brenner, promoter** as well as matchmaker at St. Nick's, said he also hoped to match Hart, 21, Philadelphia welterweight, and Vince Martinez, a ranking welter from Paterson, N.J.

**Cotton Finishes Strong**  
The Hart-Martinez bout would be a non-television fight on a Tuesday at a \$10 or \$12 top. Martinez would be guaranteed \$10,000. Cotton, meanwhile, agreed to meet Billy Lynch at Hartford, Conn. Oct. 15.

A strong second half finished Cotton, 28, to earn the draw with the 13-5 favored Hart and a \$100 bonus from Brenner for his fine showing.

It was a satisfactory verdict for most of the 1,307 fans who paid \$2.25 for the telecast thriller.

Referee Art Mercante and Judge Nick Fullam had Cotton ahead 5-4-1. The AP card made it a 5-5 draw. Mercante's score was 4-4-2 in rounds and 5-5 in points. Fullam had it 5-5 in rounds and 6-6 in points.

**New Storm Esther, Getting Stronger**

**MIAMI, Fla. (AP)—**A weakened Hurricane Carrie rolled along north of Bermuda at 12 miles an hour today while a Gulf storm named Esther showed signs of growing stronger.

Carrie swept past Bermuda, brushing the island with peak winds of 35 m.p.h., the Miami Weather Bureau said, and lost force as it moved over open water northward.

Top winds dropped from 115 to 75 m.p.h.

The storm also threw a hitch into plans for a presidential fishing party. Presidential press secretary James H. Gerty said President Eisenhower hoped to deep sea fish this week "but there are preliminary reports of a little windstorm coming up the ocean and we'll just have to wait on that."

## HIGLEY TELLS LEGION PUBLIC LESS GRATEFUL

By JAMES DEVLIN

**ATLANTIC CITY, N.J. (AP)—**The American Legion today heard a report that "the nation's feelings of obligation and gratitude toward veterans seems to have lessened to a noticeable degree."

The report came from Harvey V. Higley, administrator of veterans affairs, as the Legion turned from parading to the opening session of its 39th annual convention.

Higley called in a prepared address for establishment of an official or legislative policy on the care of sick and disabled non-service-connected veterans — those whose disabilities were not incurred in military service.

"Seek Men Who Served"

"If the policy shall be not to take care of the non-service-connected, this should be frankly stated," he said, "so that others — states, counties and cities — may take up the load."

"For remember, we are not talking about cases. We are talking about sick men who served their country when it was in sore distress — men who cannot afford to pay for hospital care."

"The question 'Whose problem is this?' should be answered."

Higley said that at present all service-connected cases are cared for immediately, "but we do have 22,000 non-service-connected veterans on our waiting list, of whom 17,000 are suffering from mental illness."

**New Definite Policy**

He said Congress never has declared the Veterans Administration should hospitalize the non-service-connected, but rather that they can be hospitalized if they cannot pay and if the VA has beds available.

"So long as a definite policy is lacking," said Higley, "requests for new and additional beds will receive little if any consideration."

Philip M. Talbott, president of the Chamber of Commerce of the United States, urged in a prepared address that the Legion continue to fight against what he called federalizing of education.

**Common Cause**

"This past year," Talbott said, "has found the Legion and the Chamber once again united in a common cause — this time to protect our public schools from federal government control."

"The school bill has been rejected by the House of Representatives, but you and I must waste no time congratulating one another."

"A new bill will be laid before the next session of the Congress, and the proponents of federal intervention have organized a giant campaign for its adoption. We have our work to do all over again."

## SYRIA BLASTS YANKEE POLICY ON RED ISSUE

DAMASCUS, Syria (AP) — Syrian officials have returned to the attack on U.S. policy, accusing the United States of warship diplomacy and trying to make Syria a 49th state.

After several days of more temperate statements, Maj. Gen. Afif Bizry and Foreign Minister Salah al-Bitar strongly denounced the United States Sunday.

Bizry, leftist army chief of staff, charged that the United States is seeking to make Syria "one more state of the 48 in America."

Syria does not fear Soviet penetration, Bizry declared at a news conference. Asked whether the Russians might be allowed to establish a base in Syria, he replied: "Why should we give the Soviets a base when we refused to give the Americans one? The Americans asked for a base in Syria every time we asked them for arms. Russia never asked for a base in Syria."

**Deny Ship Charge**  
Bizry renewed charges that five U.S. warships had moved to within five miles of the Syrian coast. The United States has denied the charge.

Bitar told correspondents that the Americans are exerting "very strong pressure on us" to divert

## Truck And Auto Crash; 2 Killed

GREENSBURG, Pa. (AP) — Two men were killed and a former state commander of the Veterans of Foreign Wars was seriously injured today in a truck-auto collision on Route 66 about nine miles north of Greensburg.

Killed were William Nowe, 76, of New Kensington, and Anthony D. Detore, 22, the truck driver, of Hannastown, Westmoreland County.

Listed in serious condition at Westmoreland Hospital in Greensburg was Hiram Hartman, about 40, of New Kensington, the former VFW officer who was the driver of the car. He is a member of the Westmoreland County Board of Tax Assessment Revision.

The coroner's office said the crash occurred on a sharp curve in Route 66 about two miles north of Delmont. The truck and auto sideswiped, shearing off the top of the auto and killing Nowe instantly.

Syria from a program of Arab unity based on a Socialist society in each country.

He defined the Socialist society this way: "States should provide industries built by the state itself to help improve the condition of underdeveloped countries and to find jobs at just wages for all people."

When U.S. pressure is ended, he said, it will be possible for Syria "to begin considering friendly relations with the United States."

## TWO FUGITIVES BEING SOUGHT IN ST. LOUIS

ST. LOUIS (AP) — St. Louis police have joined an extensive search for two fugitives who escaped from a jail atop the three-story Butler County Courthouse in Poplar Bluff, Mo., by slugging a jailer.

The fugitives are Thomas Franklin Dorman, 26, of Ionia, Mich., who was held for Michigan authorities on charges of statutory assault, jail breaking and parole violation, and Walter Roy Bostian, 19, of Sunbury, Pa., described by state police as a Navy deserter from Pensacola, Fla., and charged with burglary.

**2 Are Recaptured**  
They and two other prisoners escaped Thursday night. Two were recaptured quickly.

St. Louis detectives investigated an address here which had been forwarded from Butler County authorities Friday and continued the search Monday.

Butler County Sheriff Lester Massingham said the fugitives might have escaped the area in a car stolen about two hours after the break. The search efforts have been hampered by the fact the car wasn't reported as stolen until the next morning.

The sheriff said he has requested federal fugitive warrants on the two men. Massingham said he had other reports indicating Dorman and Bostian may have split up soon after the escape.

Recaptured were James Robert Bozmann, 19, of Cambridge, Md., and Ray McClain, 25, of Poplar Bluff.

## New Floor Care Ends Waxing

One of the difficult jobs of housekeeping is to wax linoleum and asphalt tile floors. Now, thanks to Glaxo, it's no longer necessary to wax and scrub; just apply Glaxo about twice a year. It maintains a high lustre, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor.
